## EXPERIENCE

Business Development Trainee

BYJU'S

📅 05/2022 - 06/2022

Global Ed-tech organisation

- Increased revenue by 20%.
- Maintaining fruitful relationships with existing line of trainees and customers.
- Contacting potential clients/trainees via email or phone to establish rapport and set up meetings.
- Build market position by locating, developing, defining, negotiating, and closing business relationships.

## PROJECTS

Automation challan system(Academic Project).

- The Project detects any traffic signal break by the vehicle and generates the e-challan.
- Deploying the RFID technology which constitutes tags storing data and transferring that data to readers over a wireless interface.
- Microcontroller compares the reader's information with previously stored information then sends the texted message(e-challan) to GSM. Which send it to registered mobile number of owner as well as RTO.

Portfolio Website

- Made a portfolio website with the help of HTML and CSS and javascript.

Newsapp

- Created an app called NewsMonkey with the help of React.JS  
App is used to watch latest news on NewsMonkey.
- Fetching Api from online source.
